

GREAT ASHFIELD PARISH COUNCIL

INTERNAL CONTROL

The Accounts & Audit (England) Regulations 2011 aims to strengthen governance and accountability through requirements related to internal control and internal audit.

Whilst the Parish Council has reviewed the effectiveness of the internal audit (independence, competence, proportionate and scope), it has a requirement levied on it to ensure that its financial management is adequate and effective and that it has a sound system of internal control:

‘The regulations require active participation by members in providing positive assurance to the electors of their stewardship of public money. The framework of accountability is risk-based ie level of control and management must be appropriate to the risk involved. The Council must determine the most appropriate method of internal control and care should be taken to ensure that internal control tests are proportionate and relevant and that they are neither seen as, nor intended as, undue interference in the RFO’s day to day management of financial affairs.’

CONTROL TEST	TEST DONE	COMMENTS
